A man from Mercer, 84 year old Charles Hemenway, was injured last night in an accident three miles southwest of Lancaster in Schuyler County.

The highway patrol said Hemenway was taken by ambulance to Northeast Regional Medical Center in Kirksville for treatment of moderate injuries.

The patrol report said Hemenway was eastbound when he apparently fell asleep. His car traveled off the south side of U-S 136 and struck an embankment.

Damage to the car was listed as moderate. The driver was wearing a seat belt.
