The Grundy County Commission is seeking bids for snow removal during the upcoming season at the courthouse, Law Enforcement Center, and the old jail, which now is the Prosecutor's office.

Bids are to list the cost per snow removal occurrence, per location. Bidders also are asked to include the cost of applying only snow melt for cases when snow removal is not required. A list of equipment to be used for snow removal is to accompany the bid.

Snow removal at the courthouse and old jail involves the sidewalks and entrances.

Removal at the Law Enforcement Center includes sidewalks, entrances, and parking spaces.

Bids are due Tuesday morning at 10 o'clock at the Grundy County Clerk's office at the courthouse.
