The Livingston County Sheriff, Chillicothe Rural Fire Department and area supporting fire districts responded to a residence about 4 miles south of Chillicothe along U.S. 65 as a motorist noticed smoke coming from a home.

No one was reported to be home at the time of the fire and the owners arrived after the dispatcher was able to contact them.

A family dog made it out of the home when the firefighters forced entry, a pet cat had not yet been located.

Sheriff Cox requested assistance from the Missouri Fire Marshall to help in determining the cause of the blaze. Fortunately no one has been injured and the fire crews did a remarkable job with the fire and strong winds.
