A hearing regarding Waste Corporation of Missouri's motion for a temporary restraining order and/or preliminary injunction against the City of Trenton regarding the awarding of a residential trash collection contract has been postponed.

The hearing originally was scheduled this morning in Division One of Grundy County Circuit Court at Trenton. But it's been postponed to Friday afternoon at 1 o'clock, also in Division One of Grundy County Circuit Court.

The Missouri Supreme Court has appointed Associate judge, Daren Adkins, of Daviess County to hear the motion after Circuit judge, Jack Peace recused himself, which means he disqualified himself from the case. The Missouri Supreme Court was asked to appoint a judge.
