Portion of Humphreys Placed Under Boil Advisory

Health Advisories

The Sullivan County Public Water Supply District has announced a precautionary boil advisory for a portion of Humphreys.

This follows a water main break that occurred on Wednesday. Affected are water customers, south of Highway 6, who are served through the town of Humphreys including those on Stringer, Humphreys, Grand Avenue, and the Humphreys Housing Units.

The advisory to boil water used for cooking and drinking (vigorously for three minutes), will be in effect for that portion of Humphreys until further notice is given by the Sullivan County Water District office in Milan.
