North Central Missouri College softball coach Megan Cairns has announced the signing of Southwest (Barry County) High School senior Kaleigh Ennis to a national letter of intent.

Ennis stands 5'10", and will be a pitcher for NCMC. She is the daughter of Jerry and Tammy Ennis, and will graduate from Southwest this May.

Washburn is in extreme southwest Missouri, just miles from the Arkansas border.

During her senior year, Ennis was named All-District first team and All-Region second team. At NCMC, she plans to major in physical therapy.

Coach Cairns commented, "Kaleigh will be an excellent addition to our pitching staff and will complement our other pitchers well. She will also have a chance to contribute at first base and be a solid bat in our lineup".
