The Grundy County Sheriff's Office reports a Trenton man has been arrested on two felony counts.

47 year old Faron Lawrence faces charges of possession of burglary tools and with possession of drug paraphernalia. Bond is ten thousand dollars cash pending an appearance February 11th in the associate division of circuit court at Trenton.

In the warrant, Lawrence is accused of possessing a variety of tools and other items that authorities believe are often used for unlawful forced entry into structures.

On the drug-related charge, the warrant accuses Lawrence of possessing a syringe that tested positive for methamphetamine, a controlled substance.

Information submitted by the prosecuting attorney's office describes Faron Lawrence as a prior and persistent offender, noting two previous convictions for burglaries. One is from May of 1984 in Grundy county and the other is from December 2006 in Mercer county.
