Make-up dates in the Pleasant View R-6 School District for time missed because of bad weather are this coming Monday, which is Presidents' Day, plus March 17th, and May 14th through 16th.

The Pleasant View Board of Education has offered Administrator, Tiffany Otto, a 1 year contract extension to maintain a three year agreement. The offer extends the contract through the 2016-2017 school year. Her compensation for next school year is to be determined during the budget making process this spring.

The Pleasant View Board of Education was presented a preliminary school calendar for next academic year which maintains a 171 day academic year, and includes an August 20th starting date, 2 weeks off during the Christmas/New Year's period, and weather make-up days. A public hearing is to be held in April before the starting date is approved.
