Members of the public can provide input on transportation projects they would like to see during an Open House this afternoon in Brookfield.

It's a come and go format this afternoon from 4 until 6 o'clock at the Linn County Area Career and Technical Center at Brookfield.

The Green Hills Regional Planning Commission is partnering with the Missouri Department of Transportation to host the Open House today at Brookfield and Friday at the Daviess County Library at Gallatin. The 1 at Gallatin Friday is also from 4 until 6 o'clock in a come and go format.

Persons can view prior recommendations and give additional suggestions.

Persons unable to attend the Open Houses may telephone or email comments to Randy Railsback or Lance Rains at Green Hills Regional Planning Commission at Trenton.
