A Carrollton man was injured yesterday afternoon when, according to the highway patrol, he was unable to stop at a T-intersection due to weather conditions.

The patrol reported 26 year old Jeremiah Bragg received moderate injuries.

Bragg was taken by ambulance to Carroll County Memorial Hospital.

Bragg was westbound on county road 270 when he attempted to make a left turn onto another county road but his vehicle continued to slide, traveling onto county road 395 and off the right side of the roadway coming to a halt in a ditch.

Damage was moderate to the car in the 4 o'clock Sunday afternoon accident in rural Carroll county. The driver was using a seat belt.
