A promotion Saturday to raise money for a Scout camp west of Trenton had approximately 275 test drives of Ford vehicles.

That's according to Event Coordinator, Kara Helmandollar, of Trenton who said Ford will now conduct a verification process.

For every eligible test drive, Ford will donate \$20 to the Grundy County Scout Trust---which operates the Scout camp. The verification process is expected to take 2 to 3 weeks.

Up to 300 test drives receive funding from Ford, meaning up to \$6,000 is available when 300 test drives are taken.

Barnes Baker Automotive at Trenton and Ford Motor Company held the "Drive 1 for Your Community" promotion Saturday at Trenton.

Persons taking a test drive were required to be over age 18, and have a valid driver's license. One test drive per household was allowed.
