St. Elizabeth (KOMU) - The Missouri State Highway Patrol arrested a 24-year-old St. Elizabeth teacher Tuesday in connection with a child pornography investigation.

Miller County Prosecuting Attorney Matt Howard filed two felony charges for possession of child pornography against Stephen G. Strobel.

Court documents state Strobel allegedly possessed pornographic digital imagery of a 13-year-old exposing her genitals.

Authorities seized a cell phone and computer from Strobel's home.

Strobel worked as a teacher at the St. Elizabeth R-IV school district. The school district has since placed Strobel on administrative leave.

Strobel's arraignment in Miller County Associate Court is scheduled for May 19.

As of Tuesday evening Strobel remained in Miller County jail with a bond of \$500,000.
