### **Boil Advisory Issued For Chula**

#### **Health Advisories**

The city of Chula has issued a precautionary boil advisory for all water customers in Chula.

The precautionary boil advisory for drinking and cooking water is effective until further notice. People are being advised to boil water "vigorously" for three minutes prior to use. The precautionary boil advisory for Chula is attributed to low water pressure after a contractor hit a water line.

Because of the boil order, the Chula School District is dismissing classes at 12:20 on FRIDAY afternoon.
