A Chillicothe man was injured, with charges pending, following an all terrain vehicle accident Sunday evening on Livingston county road number 206.

The highway patrol said 58 year old Roger Cain received serious injuries when thrown off his A-T-V when it rolled and struck a tree. He was taken by an ambulance to St. Luke's on the Plaza in Kansas City.

The patrol said Cain was westbound on private property when there was a malfunction with the A-T-V causing it to strike a tree. The machine then rolled ejecting the driver who landed two feet away. The A-T-V came to rest on its top.

Damage to it was listed as minor.

The highway patrol arrest report said 58 year old Roger Cain was accused of driving while intoxicated.
