Nominations are being sought for distinguished alumni at Trenton Junior College and North Central Missouri College. Sunday, July 1st is the deadline to nominate people who have excelled in service to their profession, family, community, and support of the college. North Central says financial support is not a factor in the recognition program.

Nominees do not have to reside in the immediate area. Deceased alumni are not eligible for consideration. The name of the person making the nomination will not be made public.

Four to five alums will be recognized at the annual North Central Missouri College gala on Saturday, October 13th in Trenton. The nominees can be a graduate of Trenton Junior College or North Central Missouri College, or someone who has attended classes there.

Nominations can be made online at the college website, or by contacting the NCMC Foundation office, which is located in the Frey Administrative building on the college campus in Trenton.
