Kirksville will be a northern Missouri location for a public hearing in an electric rate case filed by Ameren Missouri. The hearing is August 23rd at Truman State University's Student Union Building, in the activities room. A public information/question and answer session will start at 6:00 p.m. with the taking of sworn testimony to follow.

Other public hearings, that begin July 26th, are held at locations in St. Louis, Jefferson City, St. Charles, Arnold, Dexter, Cape Girardeau, Union, and Mexico.

Ameren Missouri filed an electric rate case with the Missouri Public Service Commission seeking to increase annual electric operating revenues by \$375,000,000. For the average Ameren residential customer, the proposed increase would be approximately 14 percent or \$14 per month.

Formal evidentiary hearings in this rate case are scheduled September 24th through October 12th in Room 310 of the Governor Office Building at 200 Madison Street in Jefferson City.

Ameren Missouri provides electric service to approximately 1.2 million customers—including some from portions of the Green Hills area.
