Attendance at the Trenton Family Aquatic Center during the first five days of this season is 1,042. That is up more than 400 (410) over 2011 and by 48 compared in 2010 during the first five days of the season.

Attendance over the Memorial Day Weekend this year was well above 200 on each of the three days. There were 272 on Opening Day (Saturday), 234 on Sunday, and 264 on Memorial Day (Monday).

The number of swimmers dropped to below 150 on both Tuesday and Wednesday, and unseasonably chilly weather on Thursday closed the facility.

Pool manager Daniel Gott said things are "going well" at the Trenton Family Aquatics Center.
