The Highway Patrol reports a Cameron man died early Monday morning when he was thrown out of his overturning vehicle in rural Livingston County. The victim, identified as 68 year old Chris Vanderau, was pronounced dead at the scene some two and a half hours after the accident is believed to have occurred.

The location was three miles west of Chillicothe on Highway 190. Authorities said the westbound van went off the highway, the driver over corrected and the van went off the road a second time where it overturned several times.

The patrol said the victim was not wearing a seat belt. Chris Vanderau is the second traffic fatality in Livingston County this year.
