An Endangered Person Advisory remains in effect for a 50 year old rural Lathrop woman who has been missing since early Friday morning from her residence near the Caldwell and Clinton County line.

Carol Jo Thompson is described as a white female, 5'4" and 140 pounds, with brown hair, blue eyes, and wearing wire rimmed glasses.

She was last seen wearing a white t-shirt with a Friendship Festival "pirate" logo, and dark-colored pajama pants.

The Highway Patrol says that Carol Jo has a heart condition, and her medicine and vehicle were both left at her residence.

Authorities are requesting that any information be given to the Caldwell County Sheriff's Department or other authorities.
