In celebration of Union Pacific's 150th anniversary, the UP's 150 Express (Engine No. 844) will be making a stop in Trenton to share the history of the railroad company.

The steam locomotive engine will be at the local Union Pacific station, located at Laclede and Crowder Road on Monday, August 13th. The train is anticipated to arrive around 11:45 a.m. and will be at the station for approximately 30 minutes before heading on to Polo and then Kansas City, where it will remain overnight at Union Station. The public is invited to stop by to see the engine while it is in Trenton.

Arrival and departure times for the steam train's 150th anniversary travels can be found online at www.upsteam.com. Website visitors can follow No. 844 on a GPS system map that updates its location every five minutes. GPS updates are also available at http://twitter.com/UP_Steam.
