Two Spickard residents were flown by medical helicopter to Kansas City following a four-wheeler accident on Saturday night (August 11th) near Spickard. The Highway Patrol says that 47-year old Robert Blozvich Junior and Sue Thrasher (age unavailable) both received SERIOUS injuries, and were flown to St. Luke's Hospital.

The accident was on private property one mile northwest of Spickard. Blozvich was listed as driving the four-wheeler while Ms. Thrasher was an occupant. The Patrol said the four-wheeler flipped over as it was being driven up a steep hill.

Both people were thrown to the ground, with the machine coming to rest on top of Ms. Thrasher. Blozvich was located about ten feet away. Neither person was wearing a safety device.
