Members of the North Central Missouri College Psychology and Sociology Club are organizing a trip to Italy, which is set for May 17th to May 28th, 2013. All members of the public are invited, meaning travelers DO NOT have to be college students.

The club will be using EF College Study Tours, a professional tour group which provides guidance for international experiences at a reasonable cost. This organization conducted last year's NCMC trip to Italy.

The ten-day trip to start with an overnight flight from Kansas City to Venice. Other cities on the travel itinerary are Florence, Assisi, Pompeii, and Rome. Guided tours will be conducted at Rome's most-visited sites, including the Coliseum, the Sistine Chapel, Vatican City, and Roman Forum, and St. Peter's Basilica. Optional excursions will be available to Capri and Pisa.

Further details of the trip can be seen at EF College Tour's Website:

www.efcollegestudytours.com/1106172 or by contacting Scott Keith (NCMC Psychology/Sociology Club sponsor) at (660) 359-3948, Extension 1326 or e-mail skeith@mail.ncmissouri.edu.

Those interested are encouraged to attend an informational meeting in Room 307 at NCMC's Geyer Hall at 12 noon on Thursday, September 13th.
