Three teenage boys from Livonia received what the Highway Patrol called minor injuries when their sports utility vehicle overturned in eastern Putnam County.

Taken by ambulance to Putnam County Memorial Hospital of Unionville were 17 year old Bradley Ream, 15 year old Bailey McDannald, and 15 year old Boyd Bradshaw.

The Highway Patrol said the eastbound S-U-V driven by Ream failed to negotiate a curve on Blackberry Trail, traveled off the gravel road and overturned. The vehicle was demolished in the Labor Day morning accident five miles north of Livonia.
