A Trenton woman was hurt when, according to the Highway Patrol, she attempted a left turn, and her car was hit by a sport utility vehicle attempting to pass. Thirty-one year old Emily Voorhies of Trenton was taken to Wright Memorial Hospital, with injuries described as minor.

The accident was Wednesday morning (September 12th) on Highway 65 at Pine Street in Spickard. The investigating officer said Ms. Voorhies was northbound on Highway 65, and was attempting to turn left onto Pine Street when the northbound car hit the driver's side of the SUV. The SUV went off the road and came to rest in a drainage ditch.

The car was driven to a controlled stop on the southbound shoulder. It was driven by 23-year old Justin Kottman of Arnold, Missouri. He was not reported hurt. All people involved in the crash were wearing seat belts.
