The 14th annual Community Health Festival is from 7 to 11 o'clock on Saturday morning, September 29th at Wright Memorial Hospital on Iowa Boulevard in Trenton.

Forty dollars is the cost for the complete metabolic panel. Fasting is required for the best results.

There are many activities for interest for the family to enjoy. These include over 30 booths and displays inside and outside of the hospital.

Finger printing for children; fire safety information; car seat safety checks; Life Flight Eagle medical helicopter; brown bag medication checks by the WMH pharmacy; and more.
