A woman from Osborn was injured early on Sunday night when her car went out of control, skidded off U.S. Highway 36, overturned, and caught fire. The accident happened in the westbound lanes two miles east of Osborn. The Highway Patrol said 20-year old Keishia Youtsey was pulled from her car by an unknown passerby, and taken by ambulance to Cameron Regional Medical Center, with SERIOUS injuries.

An officer said Ms. Youtsey was westbound, near the Baker Road intersection, when she apparently lost control and the car skidded off the north side of the highway, overturned and came to rest upright, but with the engine compartment on fire. The Patrol said the driver was using a seat belt. Her car was demolished.
