Very little information (as of Thursday morning) has been released by authorities concerning a fatal shooting that happened on Tuesday evening near Powersville, in Putnam County. The Putnam County Sheriff's Department is quoted as reporting the shooting claimed the life of eight-year old Rowdee Valentine.

There are media reports indicating a firearm was discharged inside the Valentine home by one of the victim's older brothers. Additional information has not been released by officials pending completion of an investigation by the Putnam County Sheriff's Department. Counselors were available to meet with students on Wednesday (if necessary) at the Putnam County R-1 Elementary School in Unionville.
