On Interstate 35 north of Eagleville on Wednesday night, 21-year old Jayson Newlin of Kansas City suffered 'minor' injuries and was taken by ambulance to Harrison County Community Hospital in Bethany, after crashing his SUV in the northbound lanes.

The Patrol says that Newlin was attempting to change lanes while traveling northward (towards the Iowa line), when he allegedly over-corrected and his SUV began to skid. It left the highway, entered the median, and began to overturn, but did come to rest on its wheels. The SUV was demolished, and the Patrol said Newlin was not wearing a seat belt.
