The David Campbell residence south of Trenton is serving as THE collection point for household items and furnishings to assist John and Lacey Limkeman who lost virtually everything in a house fire last Tuesday, December 11th, in Trenton.

Campbell said the family has enough clothing for the children which are three girls and a boy: seven year old McKenna, six year old Hunter, three year old River, and eight month old Timberlyn. Clothing though is needed for the parents, John and Lacey as well as furnishings.

Items can be taken to the David and Marti Campbell residence at 291 South Highway 65. As of Monday morning, the Limkeman family was staying with relatives while looking for a place to live.
