Ketcham Community Center Manager Steve Ockenfels has announced hours of availability for the facility on the campus of North Central Missouri College in Trenton. The hours pertain to those "wishing to exercise" during the next two weeks.

The KCC will observe normal operating hours on December 17th and 18th, 23rd, and 30th, but will be CLOSED completely on Christmas Eve, Christmas Day, and New Year's Day. Hours of availability for exercisers will be limited during NCMC Holiday Hoops (December 19th through the 22nd, December 26th through the 31st, and January 2nd and 3rd).

The cardio room, located downstairs across from the front desk, will be available for exercisers at all times when the KCC is open, even during Holiday Hoops. However, the facilities UPSTAIRS (including the weights area and the walking track) will be available only from 5 AM to 8 AM on Holiday Hoops days in December. On Wednesday, January 2nd, the upstairs facilities will be open until approximately 12 noon, and on Thursday, January 3rd, the upstairs facilities will be open until approximately 4 PM.
