Five people received what the Highway Patrol called minor injuries in a two-vehicle accident just after the noon hour on Sunday in Princeton. All five injured were in a mini-van driven by 30-year old Dana Baker of Trenton.

Ms. Baker, four year old Cheyenne Baker, three-year old Gasper Baker, and two-year old Patrick Behn, all from Trenton; and 10-year old Christina Garner of Blakesburg, Iowa received minor injuries.

The Highway Patrol said Gasper Baker was taken by private vehicle to Wright Memorial Hospital in Trenton, while the four others were taken to the Trenton hospital by ambulance.

The driver of a pickup truck, 49-year old Donnie Lund of Mercer, was not reported hurt.

The investigating officer said the Baker mini-van was northbound on Highway 65, while the Lund truck was eastbound on Main Street. The pickup traveled into the path of the van, demolishing the van and causing minor damage to the truck.
