Portions of Sullivan County are under a boil advisory after completion of work by the Sullivan County Public Water supply District.

Customers in the Sullivan County Public Water Supply District are now under a boil advisory after work has been completed to replace a valve.

Customers affected by the boil advisory are those on the South side of Route E between Pine Oak Road and Creek Drive.

Other customers affected by the advisory are those along Creek Drive, Pine Oak Road and Collins Drive.

The boil advisory for drinking and cooking water continues until further notice.
