Police have abandoned the search on foot, however, they have resumed in vehicles as they continue to look for Brian Adkison.

Adkison is wanted in connection with the violent abduction of 23-year old University of Missouri student Lauren G. Crawford of Hamilton.

He was last seen in the Hickory Hills Road area of Shawnee Bend near routes TT and MM. He is still considered to be ARMED and DANGEROUS and persons should not attempt to capture him if spotted.

Police are urging citizens to contact 911 if you see him or have any information on his whereabouts. There have been reports that a personal watercraft has gone missing near the IVY bend area, but it is unconfirmed if it is related at this time or not.

Camden County is sending officers to assist with Morgan County and the Missouri State Highway Patrol's Water Patrol Division at this time.
