Two cars collided last evening west of Maysville, injuring one of the drivers.

The highway patrol said 66 year old David Hindman of Maysville was taken by ambulance to Heartland Regional Medical Center in St. Joseph for the treatment of minor injuries.

The patrol report shows both Hindman and 17 year old Caleb Mason of Stewartsville were westbound on Highway 6 when Hindman stopped to yield to oncoming traffic prior to making a left turn into a driveway. Hindman's car was then struck from behind. The report indicated one of the cars left the road and struck a mail box while the other stopped blocking both lanes for awhile.

Damage was extensive to both cars. Both persons were using seat belts.
