A Browning girl, 17 year old Makayla Hudson, received what the highway patrol called minor injuries in a Linn county accident that saw her car catch fire.

The patrol said Ms. Hudson was taken to Sullivan County Memorial Hospital in Milan following the late Sunday afternoon accident at Long Branch Creek.

The patrol said she was eastbound when her car traveled off the left side of Route C, struck the creek, and caught fire. The car was demolished.

Ms. Hudson was wearing a safety device.
