This is the first day on the job for Grundy County's newest assessor.

But she and two co-workers are not "new" to the office. Kathy Veatch of rural Trenton was sworn in late Friday afternoon in a ceremony at the Grundy County Courthouse. County Clerk Betty Spickard handled the swearing in. Others present were Tom Veatch and members of the Veatch family and Grundy county commissioners.

Mrs. Veatch has previously six years experience in the Grundy county assessors' office prior to her election last November. The deputy assessor is Holly Elliott who has worked in the office three years. And a part-time employee for five years, Diedre Swank, is now a full-time employee. The office is advertising for one more position: field representative and G-I-S coordinator.

State law has a September 1st beginning date as the new term for assessors.
