The Trenton Fire Department has announced a ban on open burning in Trenton because of the dry conditions.

A similar burn ban for the City of Chillicothe and Livingston County, was announced by authorities in that area on Tuesday of this week. Concerning Trenton, the city-wide ban of burning is effective UNTIL FURTHER NOTICE.

Grundy County Commissioners advise against open burning in rural areas of the county. People doing burning in those areas are asked to use "extreme caution" and "common sense", and to have a source of water nearby.
