A Trenton man has been arrested on three misdemeanor charges.

36 year old Jacky Earl Kennedy of 412 Washington is accused of resisting arrest, possession of up to 35 grams of marijuana, and driving while intoxicated. Kennedy was arrested Saturday with bond set at four thousand dollars cash pending his appearance Tuesday in the associate division of Grundy County Circuit Court.

The warrant accuses Kennedy of fleeing from Deputy Sheriff Seth Cox who was attempting to make an arrest. Kennedy also is accused of operating a vehicle while allegedly under the influence of a controlled substance.
