The Pleasant View Board of Education has adopted a Friday early-out schedule to increase teacher-student contact on the early release days.

The board adopted a policy on the types of messages which will not be allowed on the district's Facebook page. They include offensive language, personal attacks, and Promoting services and products. Violations will be deleted.

The Pleasant View board offered a fifth and sixth grade basketball coaching job to Abbie Herrold. She's a physical education and health teacher for the Pleasant view, Laredo, and Spickard school districts.

The Pleasant View school district will have a seventh and eighth grade boys basketball team but no 7th and 8th grade girls squad because just two girls expressed interest in playing. The boys season starts September 16th.
