Two youths received what the highway patrol called minor injuries at Chula Saturday night when the utility vehicle they were riding went into a steep ditch.

Eight year old Katie Searcy and 11 year old Samuel Pauley, both of Chula, were treated at the scene and released.

The driver of the vehicle, 13-year old Taylor Lambert of Chula, was not reported hurt.

Two other riders, 14-year old Madison Searcy and 8 year old Kenlynn Fisher, also of Chula, were not reported hurt.

The patrol reported the utility vehicle was southbound on Highview Street when the driver attempted a spin maneuver, causing the utility vehicle to go off the street and nose first into a deep ditch.

None of the youths was wearing a safety device and no damage was reported to the vehicle which was driven from the scene.
